Re: Notification of Data Security Incident

Dear Attorney General Frosh:

I represent Conn Maciel Carey LLP ("CMC"), located in Washington, D.C. This letter is being sent pursuant to Md. Code Ann., Com. Law §§ 14-3501 to 14-3508, because on May 23, 2018, CMC learned that an unauthorized individual may have accessed personal information of one (1) Maryland resident. The information involved in the incident included the resident's name and medical information.

On or about March 23, 2018, CMC discovered that the email account of one of its employees had been accessed without authorization by an unknown individual. Upon learning of the incident, CMC changed its network credentials, shut down and unplugged the employee's computer from the network, and began an investigation. Through its investigation, CMC learned on May 23, 2018 that some of the Maryland resident's personal information was contained within the email account that was accessed by the unauthorized individual.

CMC is in the process of notifying the affected Maryland resident via the attached letter, and is providing twelve (12) months of complimentary credit and identity monitoring services to the affected resident through Kroll. Please contact me should you have any questions.

Very truly yours,

A handwritten signature in blue ink that reads 'Elizabeth Dill'.
